I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

progesterone now over 5 yrs. It is the only progesterone my system has been able to tolerate. All the other synthetic progesterones make me very ill. My compounded prescription releives my symptoms and makes it possible for me to live normally throughout the month.
